

Name: Dylan Mushangwe

Grade: 6B

School: Chingwaru Primary School

I was a fit and clever boy. In my class I was an excellent boy. I was active and clever. In sports I was a best runner, high jumping and volley ball.

To my surprise I started to feel weak. I sleeping in class it was hard for me to listen to my teacher. All subject were hard for me. My teacher asked me so many times about the sleeping sleepiness. But I didn't answer him because I didn't know that I was suffering for bilhazia.

My health was in a bad condition. My body was thin. I started to feel hungry short time after a meal. That time I was a food killer but without appetite.

After a long time of my suffering my parents took me to the nearest health centre. My urine and my was tested. My parents were told that I was affected by bilhazia. I was given tablets. After a week my health was better. I was able to listen to my teacher without sleeping.
