

Science in Society Crops & Soil Thematic Meeting 3

Monday 17th April 2023

University of Aberdeen

Beth Bridge, Jack Henderson,
and Jack Horne

Venue Details

Craig Suite, 7th Floor of the
Sir Duncan Rice Library,
Bedford Road, Aberdeen,
AB24 3AA
*Buses 53/53A/X60/X67 or
the 19 go directly from
Union Square to the
Campus.*

Meeting will also be hosted
via Teams.

Arrival and Coffee (10:00-10:30)

We'll be kicking off the day at around 10:30, so we will have tea and coffee available for the 30 minutes prior to the start. Please arrive early as you will need to pick up a guest pass to the library.

Science and Policy (10:30-11:30)

Presentation from Dr Jade Hall, the Royal Society for Biology's Senior Policy Officer about engaging with policy as a scientist.

Coffee Break (11:30-11:45)

We all know PhD students are fueled by motivation... but mostly caffeine (and alcohol, but we can't serve that).

Current Themes in Gene Editing - Dr Craig Simpson (11:45-13:00)

Talk from Dr Craig Simpson (James Hutton Institute) on the current status of gene editing research.

Lunch (1-2pm)

Workshop - Policy Pecha Kucha (14:00-16:00)

We will provide recent papers in around Soil Science, Plant Science, Ecology, and Rewilding - You have 2 hours to read the paper, and make a 2 minute presentation or summary brief..

Finish
